Lightweight

Due to the fiberstone blend, these pots are a much lighter alternative than planters that are made with clay or pure stone materials.

Fiberstone Maintenance Wax

The black fiberstone planters from the Natural and Heritage collection (color code -01) can be treated 2 to 4 times per year with our maintenance wax. The maintenance wax keeps your planters protected and helps maintaining its black color. For more information see page 179.

Rough

The Rough collection is the rebellious one of the Pottery Pots family. With its 'less is more' mentality, the Rough collection focuses on the tough character of the pot. The collection, with a fiberclay base, consists of modern planter models with the same characteristic finish available in two different colors. Please note that colors may vary slightly between pots due to the production process.

Plastic Pot Inserts

Our planters are handmade, which means they are not 100% waterproof. For indoor use cover the inside of the planter with a plastic pot insert to make it 100% waterproof. For more information see page 180.

Sabi

The Sabi Collection is inspired by the Japanese wabi-sabi philosophy: celebrating simplicity, authenticity and the beauty of imperfection. With soft, organic shapes and the calming tone of Wabi Beige, these planters instantly elevate interiors and outdoor spaces with a sense of timeless elegance. Crafted from our new cement bamboo material, they combine the strength of cement with natural bamboo fibers, resulting in a durable yet refined texture.

Bohemian

Rich in natural charm and craftsmanship, these planters capture the essence of bohemian aesthetics. They are made with an unique process; traditionally woven baskets are turned into strong planters by using ficonstone on the inside. Within the Bohemian collection, you can choose between two different looks, each with a different material on the outside that is ecologically responsible: bamboo and straw grass.

Good to know

All bamboo planters are equipped with feet and a removable plug that ensures that the water can drain properly when the pot is placed outside. If you only use the pot indoors, we recommend a pot-insert (see page 181).

Treasure

Inspired by the timeless beauty of ancient Egypt, this collection features classic planters characterized by elegant jug shapes and intricate rope details. These items add a touch of traditional charm to any indoor or outdoor space. Although they have the appearance of terracotta pots, they are actually made of a durable composite material called ficonstone, which consists of fiberglass, cement, and sand.

Tip!

For indoor use: fill the planter with 1/3 clay pebbles and 2/3 with fertilized soil and place the plant in the planter. We also always recommend to use a plastic insert when placing a planter inside to protect the flooring underneath. For more information see page 180.

Urban

We think this would be the outcome when "Rough" meets "Jumbo". The Urban collection brightens up every space and is an eyecatcher. The medium to outsized planters come in three different well-known Pottery Pots shapes: the Orb, the Patt and the Charlie. The unique concrete finish is suitable for both outdoor and indoor.

Plastic Pot Inserts

Our planters are handmade, which means they are not 100% waterproof. For indoor use cover the inside of the planter with a plastic pot insert to make it 100% waterproof. For more information see page 180.

Tip!

We added new caddies and saucers in different colors and sizes to match with our new fiberglass collections. For more information see page 184.

Elemental

The Elemental collection embodies the strength and versatility of nature in a timeless design. The robust pots can withstand all weather conditions and bring a natural elegance to any setting, indoors or outdoors. With shapes inspired by nature, this collection offers both spherical models that emphasize geometric balance and sophisticated form, as well as designs with an organic, flowing structure that complements soft, rounded contours.

Icon index

UV Resistant - Able to withstand harsh sunlight, ensuring vibrant colors and longevity, even in the brightest of spaces.

Frost Resistant - Can endure cold temperatures, making them ideal for all-year-round outdoor use.

Indoor - Elevate your interior spaces with our planters, adding a touch of greenery to any room.

Outdoor - Durable planters, built to thrive in various weather conditions, making your gardens and patios come to life.

Conscious choice - Premium quality planters provide longevity, making them a durable option for conscious buyers.

Lightweight - Due to the fiberstone blend, these pots are a much lighter alternative than planters that are made with clay or pure stone materials.

2 year warranty - We stand by the quality of our products; that's why we offer a 2-year warranty.

5 year warranty - For unparalleled durability and confidence, our planters come with a 5-year warranty.

Plant waterproof - While not suitable as vases, our planters are designed to be **plant** waterproof. Achieving 100% waterproofing with larger planters is challenging due to the handmade production process. For planters without the waterdrop icon, we recommend using plastic inserts when placed indoors.

Warranty conditions

We stand behind the quality of our planters. To keep our warranty promise, make sure to follow these conditions:

Leveling requirement:

For outdoor use, it is important that the planter is placed on a level surface. Uneven ground may compromise the stability of the planter.

Drainage holes:

Outdoor planters must be equipped with drainage holes. Proper drainage is essential to prevent waterlogged soil, root rot, and other issues that can impact the plants and planters.

Pot feet:

Elevating the planter above the ground (when using outdoors) with pot feet is essential to help with drainage, safeguarding your plants and planters from potential water-related challenges.

Non-movement policy:

Once the planter is filled with soil and plants, it should not be moved. Shifting a filled planter may lead to unintended damage.
